CompTIA Sec+

Course Description:

CompTIA Security+ Certification SY0-501 provides the basic knowledge needed to plan, implement, and maintain information security in a vendor-neutral format. This includes risk management, host and network security, authentication and access control systems, cryptography, and organizational security. This course maps to the CompTIA Security+ certification exam. Objective coverage is marked throughout the course. Students will benefit most from this course if they intend to take a CompTIA Security+ SY0-501 exam. This course assumes basic knowledge of using and maintaining individual workstations. Knowledge equivalent to the CompTIA A+ certification is helpful but not necessary.

Course Outline/Agenda:

Security fundamentals
Understanding attacks
Cryptography
Network fundamentals
Securing networks
Securing hosts and data
Securing network services
Authentication
Access control
Organizational security
Disaster planning and recovery

Certificate(s):	**The CompTIA Security+**
